APPROVAL OF STATE ENGINEER

This is to certify that I have examined the foregoing application, and do hereby grant the same, subject to the following limitations and conditions:

This permit is issued subject to 3.2 second feet flow from Pine Creek under permit # 1772 to Jacob Welsh. # 1772 is issued subject to 2.53 Cubic feet of water per second shown in proof under permit # 538. This permit is also subject to all vested rights not of record in this office.

The amount of water to be appropriated shall be limited to the amount which can be applied to beneficial use, and not to exceed 100.00 cubic feet per second.

Actual construction work shall begin on or before November 1st, 1911

Proof of commencement of work shall be filed before Dec. 1st, 1911.

Work must be prosecuted with reasonable diligence and be completed on or before May 1st, 1914

Application of water to beneficial use shall be made on or before November 1st, 1916

Proof of the application of water to beneficial use must be filed with the State Engineer on or before December 1st, 1916.

WITNESS MY HAND AND SEAL this 22nd. day of August, 1911.

Proof of labor filed NOV 15 1911

Map filed FEB 19 1912

Cancelled APR -7 1917 because of failure of applicant to comply with provisions of permit.

State Engineer.

S U P P L E M E N T A R Y S T A T E M E N T .

The following statement is made in further explanation of, as a part of, and in addition to, the within application:

The within named applicant is the owner by deed of conveyance of all the right, title and interest of G.G. Davis in and to Permit Number 538, approved April 6th, 1908, and all of the works constructed by the said G.G. Davis operating under said permit, together with the right of way for a reservoir site over the public domain, have been duly conveyed to the said applicant.

The said applicant herein herewith makes application for permit to appropriate all of the flood waters of said Cottonwood, Pine and Cherry Creeks, in addition to the one hundred cubic feet of water per second named in the application.
